Role: Manager, Sales Engineering – AIDR at CrowdStrike

EXECUTIVE PROFILE

Senior Sales Engineering leader with 20+ years of experience building and leading high-performing technical organisations across EMEA in complex enterprise infrastructure, Cloud and security environments.

Long-standing expertise across secure access, identity and access management, network security, micro-segmentation, and a holistic security approach.

Recognized for building resilient regional leadership structures, a strong focus on talent development and career planning, and for aligning technical strategy with go-to-market execution across EMEA.

CORE COMPETENCIES

EMEA Sales Engineering Management | Cross-Functional Leadership | Executive Stakeholder Engagement | Value-Based Selling & Coaching | Identity & Access Management | Zero Trust & Micro-Segmentation Strategy | Holistic Security Strategy | Datacenter, Cloud & AI Platforms
