

Interim Reference Letter

Markus Klein, born on December 3, 1965, in Seligenstadt, Germany, has been employed by our company since April 1, 2000.

From April 1, 2000, until September 30, 2004, his main responsibilities included the support of end users and Channel Partners. As of October 1, 2004, Markus Klein took over the position of Manager Systems Engineering Channel.

With respect to the period ending June 30, 2005, please refer to the Interim Reference Letter dated March 31, 2005.

As a result of his consistently outstanding performance, Markus Klein was promoted to Manager Systems Engineering Central Europe and entrusted with overall responsibility for the Systems Engineering Unit as of July 1, 2005.

Since then, his responsibilities have included the following tasks:

- Technical and/or disciplinary responsibility for the entire Systems Engineering Team: 31 Systems Engineers in Germany, Austria, Poland, Russia and Switzerland
- Responsibility for the further development of the personal and professional skills of the team members, including agreements on objectives, performance reviews, and salary history of employees
- Participation in all stages of the recruiting process, from the creation of job profiles through to hiring decisions
- Participation in and implementation of go-to-market strategies in collaboration with Sales and Marketing
- Joint responsibility for the business plan for Central Europe in his capacity as a member of the Central European Management Team
- Presentation of Citrix solutions and products at management level for customers and partners, discussions with customers on economic and technical benefits
- Escalation management of technical and personnel-related inquiries of customers and partners, development of appropriate solutions with the team members
- Close collaboration with the EMEA Systems Engineering Management with respect to strategy planning and implementation.

We are pleased to confirm Markus Klein's above-average qualification. Owing to his quick comprehension and personal dedication he is able to grasp the various tasks assigned to him immediately and precisely. His extremely well-structured working method enables him to meet all requirements and fulfill all tasks resulting from his responsibilities in an extraordinarily responsible, conscientious manner while staying focused on getting results.

As a consequence, Markus Klein was promoted Senior Manager Systems Engineering Central Europe as of August 1, 2008.

Markus Klein has a dynamic personality that is characterized by great expertise and leadership skills combined with entrepreneurial spirit. He always fulfills his responsibilities with outstanding dedication in a goal- and result-oriented manner and develops them further by contributing a multitude of creative initiatives. In addition, Markus Klein ensures knowledge transfer in an absolutely competent manner.

Owing to his extremely professional working method, Markus Klein has achieved and exceeded all budget and recruiting goals set.

Even under the highest of workloads and in stressful situations, Markus Klein makes reasonable and appropriate decisions.

He is open to changes with respect to business or strategy and has always acted confidently and flexibly.

Markus Klein is very convincing as a speaker due to his outstanding, cross-regional expert knowledge and conclusive, strong arguments. In this way, he is able to quickly establish a solid, durable and trusting relationship with our customers and partners, which has significantly contributed to the excellent image of our company.

We highly value Markus Klein as an extremely goal-oriented and systematic employee who can cope under the heaviest of workloads. His competencies with respect to business planning and the generation of sales volume are always outstanding. The quality of his performance always fulfills our most stringent requirements. His successes give evidence of his entrepreneurial talent.

As a manager, Markus Klein demonstrated his excellent integration abilities. He succeeded in forming a highly effective and cooperative team out of heterogeneous groups of employees. His own dedication serves as a role model and creates a positive and constructive working atmosphere. His opinion has weight in technical as well as personal contexts.

In terms of performance and professional knowledge, Markus Klein always completes the tasks assigned to him to our utmost satisfaction. He fully meets our requirements and expectations in every way.

Markus Klein's behavior towards the members of his team, superiors, customers, partners and coworkers is always exemplary.

We issue this Interim Reference Letter for Markus Klein at his request owing to a change to another superior. We thank Markus Klein for the valuable contribution he has made to the success of our company and look forward to continuing our successful working relationship with him.

Hallbergmoos, September 30, 2009.
